

## **[insert community name here]'s Renewable Energy Future**

*Please answer the questions below, and do not hesitate to ask if you have any questions!*

---

1. Do you live in [community name]?      A. Yes      B. No
2. If YES – are you a full-time or part-time resident?      A. Full-time      B. Part-time
3. If YES – how long have you lived here? \_\_\_\_\_

If NO – do you have any other connections to the area? (e.g., live close by, work here, frequent visitor)

---

4. OPTIONAL: Please write your postal code \_\_\_\_\_
5. How important do you think renewable energy is for the future of [community name]?
  - a. Not important
  - b. Somewhat important
  - c. Neutral
  - d. Fairly important
  - e. Very important

6. Why do you feel this way?
- 
- 

7. Which types of renewable energy are you most interested in for [community name]? Rate these options with 1 being MOST interesting and 4 being LEAST interesting (you can choose the same rating for multiple options).

- \_\_\_ Wind turbines
- \_\_\_ Solar panels (a large solar farm)
- \_\_\_ Rooftop solar panels

\_\_\_\_ Biomass Facilities (wood chips or inedible crops are burned or converted to liquid fuels)

8. Tell us how you feel about the options listed above. For example, why are you supportive or not supportive of these options?

---

---

---

---

---

9. What do you think are the most important things for the [community name] to consider as they explore renewable energy options?

---

---

---

---

---

10. How involved would you like to be in an energy transition for [community name]? [Check all that apply]

- Not involved at all
- Active engagement (such as completing this survey)
- As a taxpayer (would be willing to see your municipality invest in renewable energy)
- As a direct investor (own your own solar panels, invest in a wind project, etc.)
